MARCH 6TH & 7TH, 2012

- › The only conference and exhibition in Ireland organised by the Irish industry for the Irish industry with leading products and services from major vendors, distributors and manufacturers on display.
- › Meet Irish industry leaders to discuss the legislative possibilities and how they will affect the Irish Gaming Industry. With the expected publication of a new 'Heads of Bill' in the Spring of 2012, we explore the ramifications for the Irish industry and ask, will it provide the Irish industry with new opportunities?
- › Sessions provided to consider the framework for a new Irish regulatory regime under the auspices of the Minister for Justice and any new compliance requirements.
- › Hear and meet individual speakers and panel sessions of casino owners and operators discuss their experiences of operating in Ireland to date and where they see the future of the Irish casino industry.
- › Hear from leading bookmakers as they discuss their experiences of operating in Ireland to date and where they see the future of the Irish bookmakers with particular reference to the new regulatory environment and taxation of their online divisions.
- › Enjoy panel sessions of arcade owners and site operators discuss their experiences of operating in Ireland to date and how legislation may redefine the future of the gaming machine market.
- › Get an unprecedented view of the economic impact of gaming in Ireland from a study performed by Irish experts and academics utilising the most indepth information from state bodies available.
- › Receive best practice advice on social responsibility and the national GambleAware initiative, including the services available to operators in a regulated environment.
